Welcome to the Miracle League of Connecticut.

In 2012, West Hartford became home to the first fully accessible baseball field in New England built for children with physical and cognitive differences. Six short years later, our dream of providing non-competitive baseball has blossomed into recreational, educational and community programming touching the lives of over a thousand children and adults alike each year.

The Miracle League of Connecticut provides distinctive programming for children (and some adults) from all over Connecticut. In addition to our stable of sports programs, we have added new offerings including sessions for siblings of children with special needs and our new REC Clinics: eight weeks of inclusive, weeklong sessions this summer ranging from art, to science, to theater – with our own show at Playhouse on Park to close out the program.

As we recognize a graduating high school student for community service via the **Peter Ladd/Johnny Moran Scholarship**, or support the new **Miracle League of Southeastern Connecticut** based in East Lyme, none of our growth is possible without your support.

We invite you to join us at our annual **Miracle League of Connecticut Golf Classic** on June 5 at the Wampanoag Country Club in West Hartford. From the shotgun start to the amenities you encounter on the course, everyone has a memorable and impressive day regardless of their final score! Please consider one of our many sponsorship opportunities. Your financial support allows us to create relevant programming in Connecticut communities to benefit our children and families.

We look forward to your support and thank you for helping us make this Miracle happen!
